Electric ULV Cold Fogger

Model: YF-500

CE
Certified

1000W	8m	5L	10-150μm	470ml/min	2.35kg
Power	Range	Tank	Particle Size	Flow Rate	Net Weight

Why Choose YF-500?

1000W High-Power Motor
Industry-leading 1000W motor delivers powerful, consistent atomization output.

Crossbody Carry Design
Shoulder-strap operation keeps both hands free for precise, fatigue-free spraying.

Tool-Free Maintenance
Minimal parts, simple structure — fast disassembly, low repair cost.

360° Omnidirectional Nozzle
Rotate nozzle freely to any angle — no blind spots, full-room coverage.

Ready Stock & Fast Dispatch
Ample inventory on hand. Bulk orders shipped quickly worldwide.

Global Plug & Voltage Options
220V or 110V + EU/UK/US plug customized per order, ships anywhere.

Nozzle & Switch Detail

Electric ULV Cold Fogger

Model: YF-500

Application Scenarios

The YF-500 ULV Cold Fogger is a versatile, high-performance disinfection solution trusted by professionals across industries worldwide.

Healthcare

Hospitals, Clinics & Medical Centers

Rapid room disinfection, sterilization of corridors and waiting areas.

Agriculture

Farms, Greenhouses & Orchards

Pesticide, fungicide and fertilizer misting for maximum crop coverage.

Education

Schools, Colleges & Kindergartens

Safe sanitization of classrooms, libraries and common areas.

Industrial

Warehouses, Factories & Food Processing

Large-area disinfection, pest control and odor neutralization.

Also ideal for: Hotels • Restaurants • Public Transport • Sports Venues • Offices • Pest Control

Technical Specifications

Power	1000W
Motor Voltage	220V / 110V (Optional)
Effective Range	Up to 8 meters
Particle Size	10 – 150 μm (Adjustable)
Atomization Volume	470 ml/min (Adjustable)
Tank Capacity	5 L
Net Weight	2.35 kg
Gross Weight	3.45 kg
Dimensions	560 mm × 240 mm × 320 mm
Carton Volume	0.048 m^3 / per carton
Big Carton Size	59 × 52 × 71 cm (4 units per carton)

What Makes It Stand Out

Large 5L Tank Capacity

5-litre tank means fewer refills and longer continuous run time per session.

Wide Chemical Compatibility

Works with disinfectants, pesticides, fungicides, odor neutralizers & more.

Easy-Clean Nozzle Assembly

Quick-release nozzle design allows fast cleaning and prevents clogging.

Cost-Effective Operation

Low power consumption, durable PP housing and long motor life reduce total cost.

Thermal Fogger

Model: TSF-35D

CE Certified

17.6-19.3KW	8-42 L/H	5.5 L	1.2 L	DC 6V	8.0 kg
Output	Flow Rate	Solution Tank	Fuel Tank	Power	Net Weight

Why Choose TSF-35D?

High-Power Combustion
17.6-19.3KW output creates ultra-fine hot fog
penetrating dense vegetation.

Ultra-Fine Fog Particles
Microscopic droplets travel further and stay
airborne for maximum coverage.

Large Dual-Tank Design
5.5L solution + 1.2L fuel tank for extended operation without refilling.

All-Metal Construction
Stainless steel body & brass nozzle ensure
durability in harsh conditions.

Complete Accessories Kit
Wrenches, O-rings, funnels, shoulder strap
and user manual all included.

Ready Stock & Fast Ship
Ample inventory on hand. Bulk orders dispatched quickly worldwide.

Product Detail

Thermal Fogger

Model: TSF-35D

Application Scenarios

The TSF-35D Thermal Fogger is a high-performance fogging machine trusted by professionals for pest control, disinfection, and agricultural applications worldwide.

Farms, Orchards & Plantations

Forest, Parks & Green Zones

Parks, Resorts & Golf Courses

Warehouses & Food Processing

Farms, Orchards & Plantations

Pesticide & fungicide fogging for maximum crop protection.

Forest, Parks & Green Zones

Mosquito & pest control in dense vegetation areas.

Parks, Resorts & Golf Courses

Outdoor mosquito control and odor neutralization.

Warehouses & Food Processing

Large-area pest control and disinfection.

Also ideal for: Livestock Farms • Sewage Treatment • Hospitals • Hotels • Pest Control

Technical Specifications

Model	TSF-35D
Combustion Output	17.6 – 19.3 KW
Fuel Consumption	1.8 – 2.2 L/H
Flow Rate (with oil)	8 – 42 L/H
Fuel Tank Capacity	1.2 L
Solution Tank Capacity	5.5 L
Power Supply	DC 6V (4 × 1.5V batteries)
Net Weight	8.0 kg
Gross Weight	12 kg
Dimensions (L×W×H)	1150 × 270 × 330 mm
Shipping Dimensions	1290 × 270 × 340 mm

What Makes It Stand Out

Large 5.5L Tank Capacity

Fewer refills and longer continuous run time per session.

Wide Chemical Compatibility

Works with pesticides, fungicides, disinfectants & odor neutralizers.

Durable All-Metal Build

Stainless steel & brass components withstand heavy daily use.

Cost-Effective Operation

Low fuel consumption and long motor life reduce total operating cost.

Mini Mist Fogger

Model: MF-100

CE Certified

LPG	1EA/30Min	2 kg	4 kg	1L	600×175×420
Fuel Type	Consumption	Empty Weight	Max Weight	Chemicals Tank	Dimension (mm)

Why Choose MF-100?

Liquid Propane Powered
Uses LPG fuel for reliable ignition anywhere — no electricity needed, perfect for field use.

Lightweight & Portable
Only 2kg empty weight with ergonomic handle and shoulder strap for hands-free carry.

Complete Accessories Kit
Funnel, shoulder strap, nozzle plug and user manual all included in the box.

Ultra-Fine Hot Fog
Generates microscopic droplets that penetrate dense foliage and hard-to-reach areas.

3-in-1 Fog Modes
Supports Fog (diesel), Mist (water) and Semi-Fog modes for versatile application needs.

Ready Stock & Fast Ship
Ample inventory on hand. Bulk orders dispatched quickly worldwide.

Product Detail

Application Scenarios

MF-100 Mini Mist Fogger

Where Can MF-100 Be Used?

The MF-100 Mini Mist Fogger is a compact, LPG-powered thermal fogging machine designed for pest control, disinfection and chemical application across a wide range of outdoor and indoor environments. Lightweight at just 2kg, it is the ideal portable solution for professionals and individual users alike.

Garden & Lawn Care

Eliminate pests, mosquitoes and fungi from gardens, flower beds and lawns.

Agriculture & Orchards

Apply pesticides and fungicides across fruit trees, crops and plantations.

Outdoor & Camping

Keep camping sites and outdoor areas free from insects and mosquitoes.

Livestock & Poultry Farms

Disinfect barns, stalls and animal housing to prevent disease spread.

Also ideal for: Mosquito Control | Forest Spraying | Greenhouse Treatment | Pest Control | Public Sanitation

Technical Specifications

Model	MF-100
Type	Mini Mist Fogger
Fuel	Liquid Propane Gas (LPG)
Fuel Consumption	1 EA / 30 Min
Fog Mode – Fuel	Diesel
Mist Mode – Fuel	Water
Semi-Fog – Fuel	Water
Chemicals Tank – Fog	Diesel + Water
Chemicals Tank – Mist	Water + Chemicals
Chemicals Tank – Semi	Diesel + Chemicals
Weight (Empty)	2 kg
Weight (Max)	4 kg
Dimension	600 × 175 × 420 mm

What Makes It Stand Out

No Electricity Needed

LPG-powered design works anywhere — fields, forests and remote areas with no power supply.

3-in-1 Versatility

Fog, Mist and Semi-Fog modes let you adapt to different chemicals and application scenarios.

Ultra-Compact & Lightweight

At just 2kg empty, it is the most portable thermal fogger for individual and professional use.

Shoulder Strap Included

Hands-free operation with the included shoulder strap, ideal for large-area coverage.

Xing Business Building 310, Bulong Road, Bantian Street, Longgang District, Shenzhen, China 518118

Portable Backpack Thermal Fogger

CE Certified

High-Power Gasoline-Driven | Dual Function: Thermal Fog + Cold Mist

Gasoline	15L	1.2L	5–15m	~8kg	CE
Fuel Type	Liquid Tank	Fuel Tank	Spray Range	Net Weight	Certified

Why Choose This Fogger?

Gasoline Powered
No electricity needed. Ideal for remote fields, forests and outdoor areas.

Dual Function
Switches between thermal fog mode and cold mist mode in one machine.

Large 15L Tank
Extended operation time per session. Less frequent refilling needed.

Backpack Design
Ergonomic shoulder straps distribute weight evenly for all-day comfort.

5–15m Spray Range
Wide coverage area with high-efficiency spraying for large-scale operations.

Easy Maintenance
Simple structure with quick-release parts for fast cleaning and repair.

Product Detail

Portable Backpack Thermal Fogger

Complete Product Details & Technical Reference

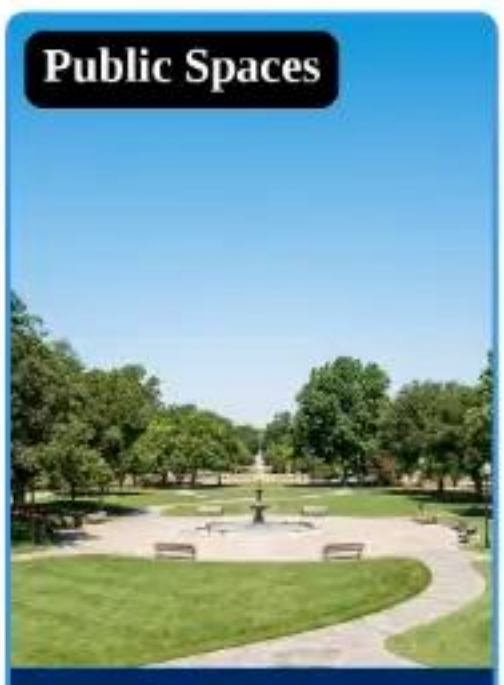
Application Scenarios

The Portable Backpack Thermal Fogger is a high-performance dual-function machine trusted by professionals for pest control, disinfection, and agricultural applications worldwide.

Farms, Orchards & Plantations

Forest, Parks & Green Zones

Farms, Stables & Poultry Houses



Parks, Campuses & Communities

Farms, Orchards & Plantations

Pesticide & fungicide fogging for maximum crop protection.

Forest, Parks & Green Zones

Mosquito & pest control in dense vegetation areas.

Farms, Stables & Poultry Houses

Disinfection and disease prevention for livestock.

Parks, Campuses & Communities

Outdoor mosquito control and sanitization.

Also ideal for: Warehouses • Hospitals • Hotels • Golf Courses • Pest Control Companies

Technical Specifications

Model	Portable Backpack Thermal Fogger
Engine Type	Gasoline (92# Unleaded)
Fuel Tank Capacity	1.2 L
Liquid Tank Capacity	15 L
Working Mode	Thermal Fog + Cold Mist (Dual Function)
Spray Distance	5 – 15 m
Flow Rate	15 – 20 L/H
Particle Size (Fog)	5 – 50 μm
Particle Size (Mist)	20 – 100 μm
Net Weight	~8 kg (empty)
Dimensions (L×W×H)	40 × 30 × 55 cm
Carrying Method	Backpack (Ergonomic Shoulder Straps)

What Makes It Stand Out

Gasoline-Powered Freedom

Operates anywhere without electricity — ideal for remote farmlands and forests.

Dual-Mode in One Machine

Switch between thermal fog (5-50μm) and cold mist (20-100μm) for versatile use.

Large 15L Liquid Tank

Extended operation per session with less frequent refilling for efficiency.

Wide Application Range

Suitable for agriculture, forestry, livestock, public spaces and garden maintenance.

5L Electric ULV Cold Fogger

CE
Certified

Model: 18005C | 220V / 1200W

5 L	1200 W	220V/50Hz	400 mL/min	10–12 m	3.6 kg
Tank Capacity	Rated Power	Power Supply	Spray Output	Spray Distance	Net Weight

Why Choose This Fogger?

01 Powerful 1200W Motor
High-speed centrifugal fan generates fine mist for deep penetration.

02 Ultra-Fine Droplet Size
Produces 5–50 μm particles for maximum coverage and adhesion.

03 Long-Range Spray: 10–12 m
Reaches hard-to-access areas without repositioning.

04 Wide Chemical Compatibility
Suitable for disinfectants, pesticides, fungicides and deodorants.

05 Stainless Steel Fan Housing
Corrosion-resistant SUS body for long-term industrial use.

06 Ready Stock & Fast Dispatch
Ample inventory on hand. Bulk orders shipped quickly worldwide.

Product Detail

4-Nozzle Spray Head & Brass Flow Valve

Stainless Steel Perforated Fan Guard

5.6L Electric ULV Cold Fogger

Model: ZL-ULV-5600 | 220V / 1200W

Application Scenarios

The ZL-ULV-5600 Electric Cold Fogger is trusted by professionals in disinfection, pest control, agriculture and public health.

Agriculture

Farms, Orchards & Greenhouses

Pesticide & fungicide misting for maximum crop coverage.

Pest Control

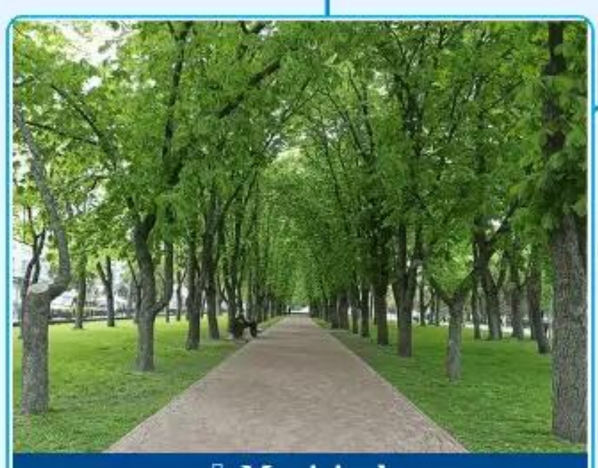
Residential & Commercial Spaces

Targeted chemical application in hard-to-reach areas.

Disinfection

Hospitals, Schools & Public Buildings

Rapid large-area disinfection and odor neutralization.



Municipal

Parks, Roads & Public Spaces

Weed control, dust suppression and sanitation spraying.

Also ideal for: Animal Farms • Food Processing • Hotels • Warehouses • Airports

Technical Specifications

Product Name: 5.6L Ultra-Low Volume Sprayer	**Model:** ZL-ULV-5600
Power Supply: 220V / 50Hz	**Rated Power:** 1200W
Tank Capacity: 5.6 L	**Spray Output:** 400 mL / min
Spray Distance: 10 – 12 Meters	**Droplet Size:** 5 – 50 μm (Ultra-Fine Mist)
Cable Length: 2.5 m	**Plug Standard:** US / EU / UK (Optional)
Dimensions: 26 × 22 × 40 cm	**Net Weight:** 3.6 kg | Gross: 7 kg

What Makes It Stand Out

01 High-Efficiency Centrifugal Atomization
Motor-driven fan breaks liquid into ultra-fine particles for deep penetration.

02 Corrosion-Resistant Stainless Housing
SUS body withstands strong chemicals for years of reliable operation.

03 Compact & Portable Design
Lightweight 3.6 kg body with carry handle for easy one-person operation.

04 Versatile Chemical Compatibility
Works with water-based disinfectants, pesticides, fungicides & deodorants.

Xing Business Building 310, Bulong Road, Bantian Street, Longgang District, Shenzhen, China 518118

Stainless Steel Backpack Sprayer

Model: ZL-210A Series | 12L / 14L / 16L

CE
Certified

12-16L	25-55 psi	SUS-304	Viton	Brass	Adjustable
Tank Capacity	Working Pressure	Tank Material	Seal Material	Nozzle Type	Spray Pattern

Why Choose ZL-210A Series?

SUS-304 Stainless Steel
Full stainless steel tank, pump and spray wand for maximum durability.

Viton Seals & Gaskets
Chemical-resistant Viton seals ensure compatibility with all spray chemicals.

Brass Shut-Off with Lock-On
Fatigue-free spraying with brass shut-off valve and lock-on feature.

Pressure Gauge & Safety Valve
Built-in gauge and safety relief valve for safe, controlled operation.

Adjustable Brass Nozzle
Fine-tune spray pattern from mist to jet for versatile applications.

Ergonomic Handle Design
Comfortable handle for easy pumping and extended carrying sessions.

Stainless Steel Backpack Sprayer

Technical Specifications & Applications

Application Scenarios

Agriculture
Crop & orchard spraying

Pest Control
Garden & lawn treatment

Disinfection
Sanitation & hygiene

Livestock
Farm & poultry care

Technical Specifications

Product Name: Stainless Steel Backpack Pressure Sprayer	**Model Series:** ZL-21012A / 21014A / 21016A
Tank Capacity: 12L / 14L / 16L (3 / 3.5 / 4 GAL)	**Working Pressure:** 25–55 psi
Tank Material: SUS-304 Stainless Steel	**Pump Material:** SUS-304 Stainless Steel
Spray Wand: SUS-304 Stainless Steel	**Seal Material:** Viton (Chemical Resistant)
Nozzle: Brass, Adjustable	**Shut-Off Valve:** Brass with Lock-On Feature
Dimensions (16L): 22 × 22 × 71 cm	**Pack Quantity:** 1 unit per carton

Product Highlights

01 Full SUS-304 stainless steel construction for superior corrosion resistance and longevity.

02 Viton seals ensure compatibility with a wide range of agricultural and industrial chemicals.

03 Built-in pressure gauge and safety relief valve for safe, controlled spraying operations.

04 Available in 12L, 14L, and 16L capacities to suit different application requirements.
